Overview

Company Introduction

Golden Pro is a newly established Iraqi company committed to delivering excellence across the fields of general contracting, public transportation, supply, project management, and logistics services. Founded in 2025, the company was built on a vision of professionalism, reliability, and efficiency to support Iraq's growing infrastructure and operational needs.

Golden Pro combines local expertise with modern management practices to provide integrated solutions tailored for public and private sectors. From construction projects and supply operations to large-scale logistical support and workforce deployment, the company ensures high-quality execution backed by a dynamic and experienced team.

“Blueprints of Progress, Signed by Golden Pro”

Driven by integrity and innovation, Golden Pro aims to become a trusted partner in the development and execution of strategic projects that contribute to national progress and client success.

Golden Pro was founded to address the growing demand for integrated and reliable services in Iraq's construction, transportation, and logistics sectors. The company operates with a strong foundation built on professionalism, precision, and dedication to excellence. Every project we undertake is guided by a commitment to quality, client satisfaction, and adherence to safety and compliance standards.

Golden Pro is not just a service provider — it is a trusted partner dedicated to building Iraq's future with integrity and efficiency.

Beyond Boundaries

Golden Pro moves with vision and integrity, delivering seamless solutions that build trust and drive progress across every project.

Through a qualified and dynamic team, Golden Pro offers tailored solutions that meet the unique needs of each client, whether in infrastructure development, supply chain operations, or project execution. Our multidisciplinary approach enables us to manage complex scopes efficiently while maintaining a clear focus on results and long-term value.

- ✓ We deliver smart solutions with high precision.
- ✓ Our team adapts to every project need.
- ✓ Quality and trust guide our every step.

At Golden Pro, operational excellence is at the core of everything we do. Our workflows are streamlined to ensure cost-effective performance, timely execution, and seamless coordination between teams and stakeholders — enabling us to deliver consistently across diverse sectors.

We leverage modern technologies to optimize project management, logistics planning, and resource allocation. From digital tracking systems to smart planning tools, our approach enhances transparency, accelerates decision-making, and reduces operational risks.

Golden Pro believes in the power of people. Our team is composed of skilled professionals, technicians, engineers, and field supervisors — all working with dedication and alignment to our company's vision. We invest in continuous training to stay ahead of industry demands.

We consider our work part of a larger mission — supporting the growth and resilience of Iraq's economy. Golden Pro aligns its services with national development priorities, focusing on infrastructure, mobility, and logistical readiness in vital regions.

Adaptive and Scalable Services

Whether it's a turnkey construction project, a supply contract, or logistics support in remote locations, Golden Pro is structured to scale its resources and adapt its solutions to match project complexity and client expectations.

Vision for Lasting Impact

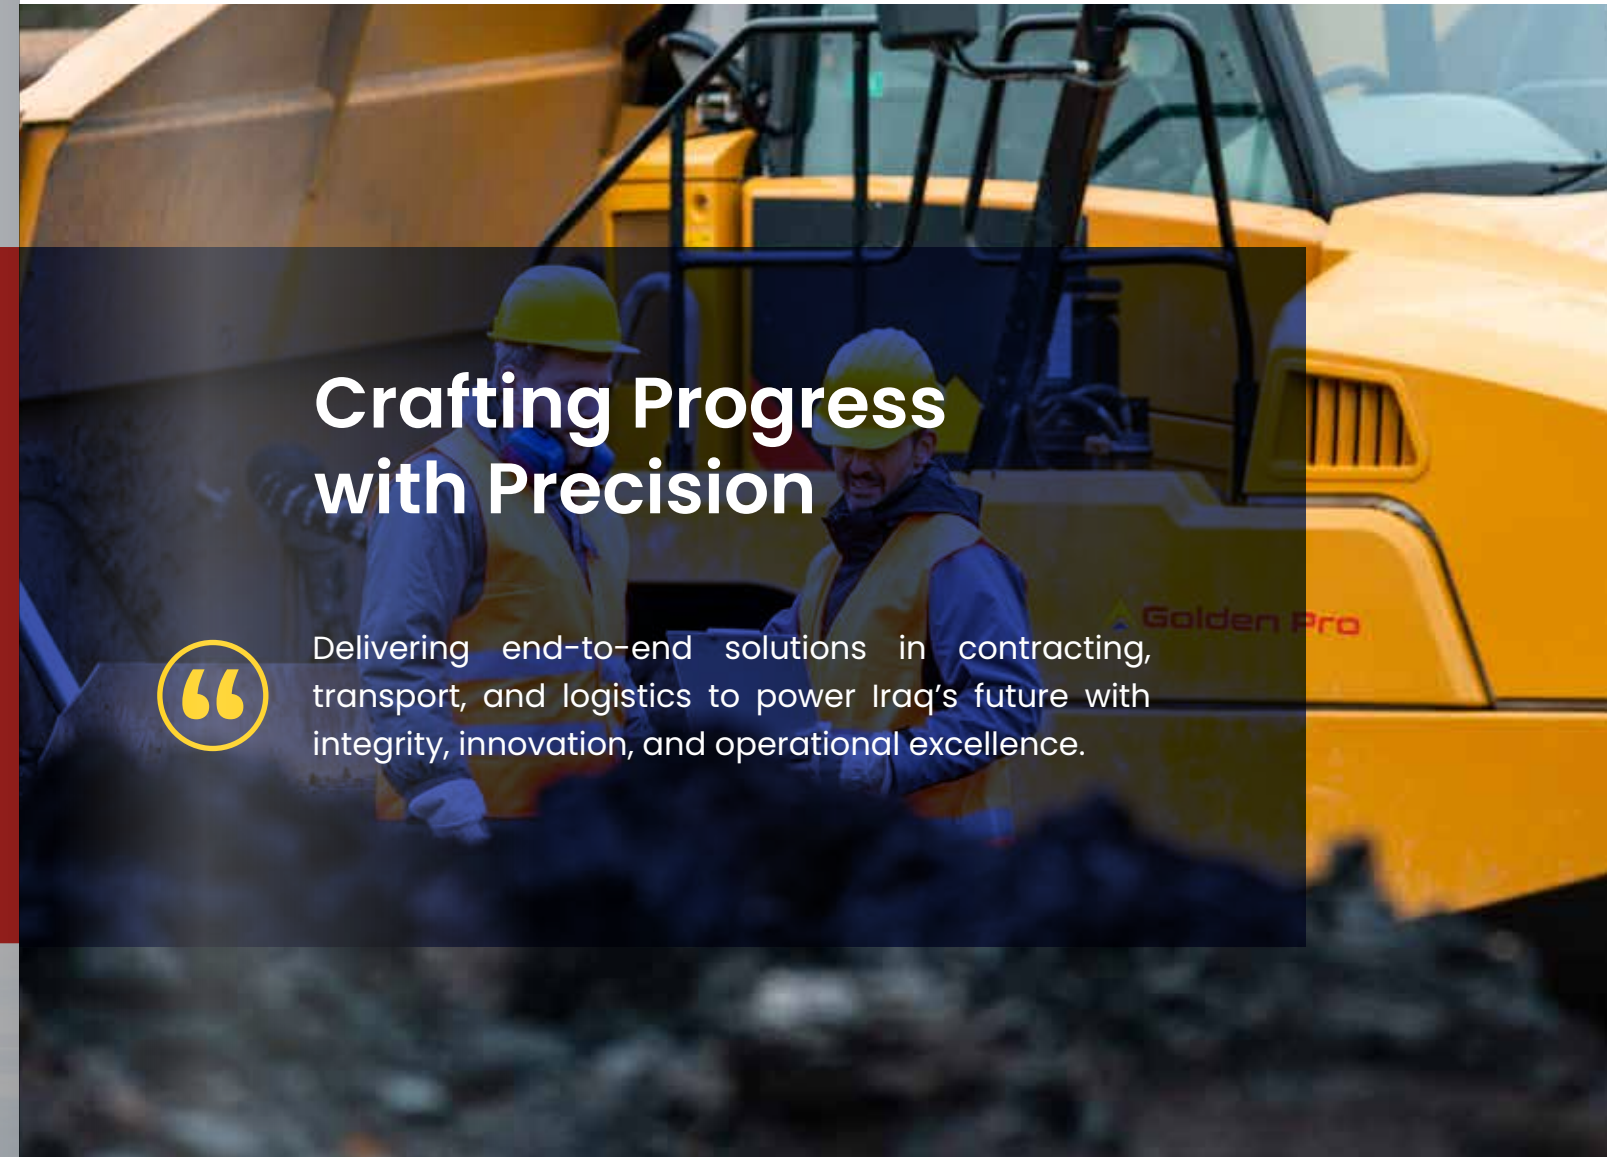

Golden Pro envisions becoming a leading force in shaping Iraq's modern infrastructure by delivering integrated solutions in contracting, transportation, and logistics. We aspire to set new standards of professionalism, safety, and operational efficiency — contributing to national development and building long-term partnerships based on trust, innovation, and performance.

Our vision is not just about growth — it's about creating lasting value, empowering local capacities, and shaping a more resilient and connected Iraq.

Crafting Progress with Precision

Delivering end-to-end solutions in contracting, transport, and logistics to power Iraq's future with integrity, innovation, and operational excellence.

ISO Certifications

Golden Pro is ISO certified, demonstrating its commitment to international standards in quality, environmental management, and occupational health & safety. These certifications reflect our structured management systems, operational reliability, and dedication to continuous improvement.

Our Strengths

Pure Innovation

Golden Pro stands out through its commitment to excellence, precision, and reliability in every operation we undertake. Our strengths reflect the principles that drive our performance and define our position as a trusted partner in Iraq's contracting and logistics sectors. Our team combines technical knowledge, field experience, and strong project management skills to ensure that every task is executed with accuracy and efficiency.

We deliver comprehensive services that connect contracting, supply, transportation, and project management — offering clients a single, reliable partner for all operational needs.

At Golden Pro, quality is more than a goal — it is a promise. We apply strict standards and continuous improvement practices to guarantee sustainable results.

Clients choose Golden Pro because we deliver on time, communicate transparently, and maintain consistency across all stages of our projects.

About Our Services

Golden Pro offers a comprehensive range of contracting, transportation, and logistics services designed to meet the highest standards of quality and reliability. Our operations are driven by innovation, precision, and a deep understanding of client needs, ensuring every project is executed with excellence. Through an integrated approach, we deliver tailored solutions that connect efficiency, safety, and performance — empowering our partners to achieve lasting success in every endeavor.

Empowering Progress Through Performance

At Golden Pro, every service reflects our commitment to quality, precision, and satisfaction. We work with professionalism and dedication to ensure the highest standards in every project.

From contracting to logistics, we operate with transparency and reliability — ensuring that every project we handle reflects the strength of our experience and the confidence of our clients.

“

Delivering precision, reliability, and innovation through every service — shaping progress and building trust across Iraq's contracting and logistics sectors.

General Contracting

Golden Pro provides comprehensive general contracting services covering all stages of project execution — from planning and design to construction and final delivery. Our team combines technical expertise, modern methodologies, and strict quality control to ensure that every structure reflects durability, safety, and precision.

We handle civil, structural, and infrastructure projects with a commitment to on-time delivery and compliance with international standards, making Golden Pro a reliable partner for both public and private sector developments.

Building with Purpose and Precision

Golden Pro turns ideas into reality through smart engineering, reliable execution, and commitment to quality and timely delivery.

Each project we deliver stands as a testament to our engineering excellence and attention to detail. At Golden Pro, we don't just build structures — we build trust, value, and a lasting impact on Iraq's development landscape.

We bring engineering excellence and reliability together to deliver construction solutions that shape strong foundations and lasting progress.

- ✓ We execute projects of all scales with accuracy and commitment.
- ✓ Our operations blend innovation with trusted construction methods.
- ✓ Every detail reflects our focus on quality and efficiency.

From excavation and groundwork to full-scale construction, paving, and structural development — Golden Pro delivers comprehensive contracting services that meet modern standards. Our expertise covers civil and infrastructure projects, ensuring durability, functionality, and design harmony. We coordinate every phase with precision — from site preparation and concrete works to finishing and road surfacing — turning complex challenges into successful outcomes. With a dedicated team and advanced tools, we guarantee on-time completion, cost control, and exceptional quality in every build.

We shape the land and strengthen its foundations through precision, durability, and thoughtful design — creating spaces that stand the test of time.

We build with purpose for generations to come, blending innovation and expertise to construct environments that inspire progress and lasting value.

Electrical & Mechanical Services

Golden Pro provides reliable electrical and mechanical services that support the functionality and efficiency of modern construction projects. Our team of skilled engineers and technicians ensures that every system — from installation to maintenance — is executed with precision, safety, and full compliance with international standards.

Electrical Works

Mechanical Works

We deliver complete solutions for electrical works including internal and external wiring, lighting systems, switchboards, grounding, and power distribution. In the mechanical field, our scope covers plumbing, HVAC systems, fire-fighting networks, water supply, and drainage installations — ensuring that all building services operate seamlessly and efficiently.

Each service is integrated into our broader contracting framework, allowing clients to benefit from a single, trusted partner who manages civil, electrical, and mechanical works in full coordination. This unified approach ensures better performance, cost optimization, and long-term operational reliability. At Golden Pro, we believe that every successful project depends on strong, sustainable systems — and we take pride in delivering them with accuracy, innovation, and professionalism.

General Transportation

Golden Pro offers dependable general transportation services designed to connect people, materials, and projects across Iraq with efficiency and reliability. Our logistics and transport operations ensure the smooth movement of heavy equipment, construction materials, and industrial supplies to and from project sites.

Golden Pro ensures safe and timely transport operations that keep projects moving smoothly and efficiently across Iraq.

We manage land transport with a fleet of well-maintained vehicles operated by experienced drivers who prioritize safety, punctuality, and compliance with local and international standards. Each trip is carefully coordinated to meet project timelines, reduce costs, and maintain operational continuity.

Whether supporting construction works, large-scale infrastructure development, or supply chain operations, Golden Pro ensures every transport mission is executed with precision, discipline, and full accountability.

General Supply

Golden Pro provides comprehensive general supply services to meet the growing demands of construction, industrial, and infrastructure sectors across Iraq. We source, deliver, and manage materials, equipment, and tools with efficiency and transparency — ensuring quality consistency and timely availability at every stage of a project.

Our supply operations include construction materials, mechanical and electrical components, safety equipment, and industrial consumables. With a trusted network of local and international suppliers, Golden Pro guarantees cost-effective procurement and reliable delivery to support seamless project execution.

Through organized logistics, precise inventory control, and a commitment to excellence, we ensure that every client receives the right materials, in the right place, at the right time.

Golden Pro stands as a reliable supply partner, bridging efficiency and trust to keep every project well-equipped and running without delay.

Our supply network is built on reliability and precision. Golden Pro ensures high-quality materials and on-time delivery to keep every project running efficiently.

Services Catering

Golden Pro delivers high-standard catering services designed to meet the needs of construction sites, corporate operations, and field projects. We provide nutritious, freshly prepared meals that adhere to hygiene, safety, and quality standards — ensuring comfort and satisfaction for workers and staff in every location.

Our catering team manages daily meal planning, preparation, and delivery with precision and efficiency. Whether serving small crews or large-scale field operations, Golden Pro guarantees timely service, clean handling, and balanced menus tailored to client preferences.

By combining operational organization with culinary expertise, we ensure that every meal supports productivity, morale, and wellbeing — turning catering into a dependable part of every successful project.

“Nourishing teams with quality, care, and consistency — delivering fresh meals that fuel performance and enhance every working day.”

66 Contractual Undertakings

Golden Pro undertakes projects and service commitments under clear contractual frameworks that guarantee transparency, reliability, and performance. We execute contractual obligations with precision, ensuring that every task meets agreed specifications, timelines, and budget requirements.

Trusted Commitments

Our experience covers a wide range of contractual services — including construction works, supply agreements, operational support, and maintenance commitments.

Golden Pro's contractual undertakings reflect our dedication to professionalism and integrity. By honoring every commitment, we build long-term partnerships based on trust, quality, and the consistent delivery of results.

Enduring Partnerships

Loading and Unloading

Golden Pro provides professional loading and unloading services to ensure the safe and efficient handling of materials, equipment, and goods across all project sites. Our trained teams follow strict safety protocols and use modern handling techniques to protect assets and maintain workflow continuity.

Efficient Handling

We manage all stages of the process — from receiving and organizing shipments to positioning materials for construction or transport. With well-coordinated supervision and the right tools, Golden Pro guarantees timely operations and zero-damage handling.

Seamless Operations

Our commitment to precision and care allows clients to rely on us for the smooth transition of goods, whether at ports, warehouses, or construction zones — keeping every operation on schedule and under control.

Reliable Transitions

Every operation we handle reflects our dedication to reliability and precision. Golden Pro's loading and unloading teams work with discipline and care, ensuring materials move safely and efficiently through every stage of the process.

Project Management

Golden Pro provides project management services that ensure every phase — from planning to execution — is completed efficiently, safely, and on time.

We coordinate resources, timelines, and teams to ensure seamless progress and cost control. Combining technical expertise with modern management tools, Golden Pro minimizes risks and enhances efficiency throughout each project.

- ◆ Efficient Planning
- ◆ Resource Control
- ◆ Risk Management
- ◆ Team Coordination
- ◆ Timely Delivery

Every project we manage reflects our commitment to organization, communication, and continuous improvement — ensuring client satisfaction and long-term success in every partnership.

We plan and monitor every stage of the project lifecycle, ensuring clear communication and alignment between teams and stakeholders.

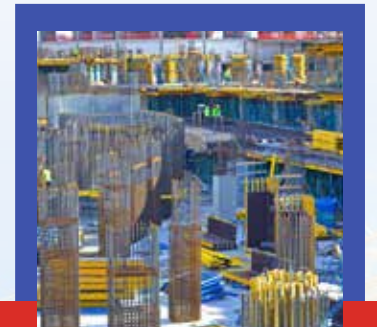

Golden Pro applies international standards and proven management systems to maintain efficiency and transparency in all operations.

Project Flow

Team Alignment

Our experienced team anticipates challenges and develops proactive solutions to keep projects on schedule and within budget.

We combine data-driven insights with hands-on supervision to deliver measurable results and lasting client satisfaction.

Projects That Define Us

Executed Projects

Construction of Well Pad Locations for Drilling Rigs – Aratawi Field

Client: Schlumberger Middle East S.A.
Main Contractor: Nada Al-Imar Company
Role: Subcontractor – Golden Pro
Location: Aratawi Field, Iraq
Project Code: CW3258316
Project Duration: June 2024 – June 2025

Golden Pro participated in this strategic oilfield development project as a subcontractor to Nada Al-Imar Company, supporting the operations of Schlumberger Middle East S.A. for the construction of well pad locations for drilling rigs at the Aratawi Field. The project required strict compliance with international standards, Health, Safety, and Environment (HSE) requirements, and the client's operational guidelines in a highly sensitive oil and gas working environment.

Golden Pro's scope of work covered a wide range of civil and infrastructure activities, including:

- ✓ Excavation, backfilling, and site preparation works for well pad platforms.
- ✓ Leveling and preparation of subbase layers to support heavy drilling equipment.
- ✓ Construction and installation of T-Walls and related concrete structures.
- ✓ Supply and installation of HDPE liner systems in accordance with approved technical specifications.
- ✓ Security-related civil works supporting site access control and safe operations.
- ✓ Works associated with conductor pipes and related civil interfaces.

Through disciplined planning, effective resource coordination, and continuous on-site supervision, Golden Pro contributed to the successful completion of the works within the scheduled timeframe while maintaining high levels of safety and quality, in line with Schlumberger's expectations and standards. This project highlights Golden Pro's capability to operate as a reliable subcontractor within complex oilfield environments and its readiness to support major international companies and leading Iraqi contractors in future projects.

Executed Projects

Construction of Residential Building for National Energy Staff

Client: National Energy
Role: Main Contractor – Golden Pro
Location: Iraq
Building Description: Three-storey residential building consisting of 42 fully serviced rooms designed to accommodate staff working at National Energy facilities

Golden Pro successfully delivered the construction of a residential building dedicated to housing personnel of National Energy, implemented as a turnkey project covering all civil and infrastructure works. The project was executed in compliance with applicable quality standards and safety regulations, ensuring functional design, durability, and comfort for long-term residential use.

The scope of work included complete structural construction, architectural finishing, internal and external electrical installations, plumbing and mechanical systems, interior flooring and tiling, painting, and all related site works. Each phase was managed through disciplined project coordination and strict quality control procedures to achieve timely delivery and compliance with client requirements.

Through professional supervision and integrated management, Golden Pro ensured efficient execution across all three floors, providing a safe, practical, and high-quality living facility that supports National Energy’s workforce and operational continuity. This project further demonstrates the company’s capacity to deliver residential and workforce accommodation projects within demanding timelines and quality expectations.

Occupational Safety

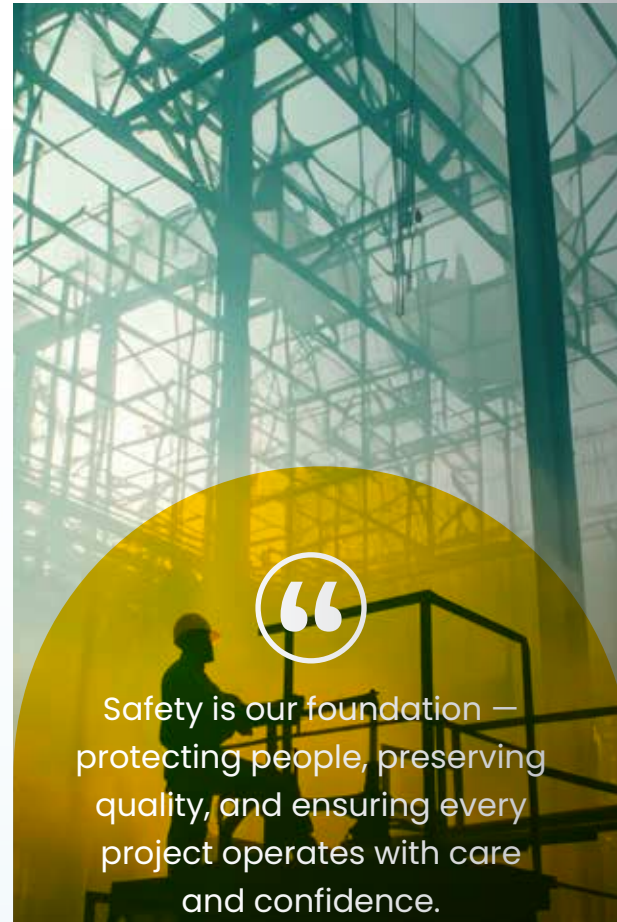

Golden Pro places occupational safety at the heart of every operation. We believe that protecting our workforce, clients, and the surrounding environment is a fundamental responsibility — not just a requirement. Our safety culture is built on prevention, awareness, and continuous improvement to ensure zero incidents at all project sites.

We apply strict HSE standards, regular training, and risk assessments to ensure a safe work environment. Our team follows clear safety protocols and promotes a culture of responsibility and prevention.

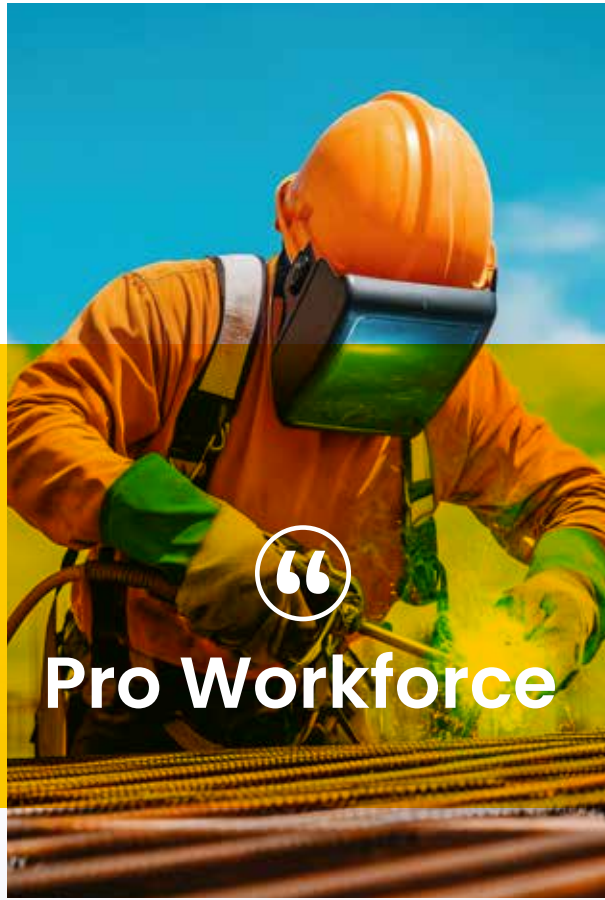

Through constant monitoring, emergency preparedness, and compliance with national and international regulations, we ensure that every project is executed safely, responsibly, and sustainably.

“Safety is our foundation — protecting people, preserving quality, and ensuring every project operates with care and confidence.”

- ◆ HSE Standards
- ◆ Safety Training
- ◆ Risk Control
- ◆ Incident Prevention
- ◆ Full Compliance

Our Team and Experience

Golden Pro is powered by a team of skilled engineers, supervisors, and technical professionals who bring together years of expertise in construction, logistics, and project management. Each member of our team plays a vital role in ensuring that every project is executed with precision, safety, and professionalism.

Pro Workforce

Strong Team. Proven Experience.

Our collective experience spans across multiple sectors — including civil works, infrastructure, mechanical and electrical installations, and field operations. Through effective coordination and continuous training, we maintain the highest standards of quality and efficiency in all our services.

Future Plans and Sustainability

Golden Pro looks ahead with a clear vision for growth and sustainable impact. Our future strategy focuses on expanding our operations across Iraq and the region through innovation, advanced technology, and long-term partnerships that strengthen our position in the construction and logistics sectors.

We aim to develop modern systems that enhance efficiency, optimize resources, and promote environmentally responsible practices. By integrating green solutions and adopting energy-saving methods, Golden Pro reduces its environmental footprint while maintaining top performance.

Our approach balances progress with responsibility, investing in people and innovation to remain a reliable partner in Iraq's sustainable development.

Forward Vision

Golden Pro stands for more than construction and logistics — it stands for progress, trust, and a lasting commitment to excellence. Every project we complete builds not only structures but opportunities, empowering communities and shaping a sustainable future for Iraq.
